¹ The FICO score used is the TransUnion FICO Score 4, which is based on data from TransUnion and may be different from other credit scores. FICO is a registered trademark of the Fair Isaac Corporation.

² The rate is subject to increase after consummation. The three-month Libor index is defined as the daily average of the three-month London Interbank Offered Rate (Libor) (currency in U.S. dollars) that was published on the Wall Street Journal's website (or any generally recognized successor method or means of publication) on each business day during the 91-day period ending on the 20th day of March, June, September and December. The three-month Libor index for the quarter July 1–Sept. 30, 2017, is 1.19%.

³ The rate will not exceed 21.00%.

⁴ Borrowers with delinquencies during the immediate principal and interest or interest-only repayment periods may have future disbursements and/or loans suspended or canceled.

⁵ The in-school and separation periods cannot exceed 60 months. Payments required during this period.

⁶ If a pre-disbursement loan cancellation results in a Partnership Loan of \$1,000 or less, the maximum principal and interest repayment term is 37 months.

⁷ Annual percentage rate, finance charge and monthly payments are based on borrowing \$10,000, a 0% origination fee and a fixed interest rate of 5.50% during the 120-month principal and interest repayment period.

⁸ Annual percentage rate, finance charge and monthly payments are based on borrowing \$10,000, a 0% origination fee, and maintaining a constant interest rate on a variable rate loan of 4.49% during the 120-month principal and interest repayment period. APR examples are based on quarterly interest rates for July 1–Sept. 30, 2017.

⁹ Annual percentage rate, finance charge and monthly payments are based on borrowing \$10,000, a 0% origination fee, deferring principal for 51 months, and a fixed interest rate of 5.70% during the 51-month interest-only and the 120-month principal and interest repayment periods.

¹⁰ Annual percentage rate, finance charge and monthly payments are based on borrowing \$10,000, a 0% origination fee, deferring principal for 51 months, and maintaining a constant interest rate on a variable rate loan of 4.69% during the 51-month interest-only and the 120-month principal and interest repayment periods. APR examples are based on quarterly interest rates for July 1–Sept. 30, 2017.

¹¹ Annual percentage rate, finance charge and monthly payments are based on borrowing \$10,000, a 0% origination fee, deferring interest and principal for 51 months, and a fixed interest rate of 5.80% during the 51-month in-school and separation period and the 180-month principal and interest repayment period.

¹² Annual percentage rate, finance charge and monthly payments are based on borrowing \$10,000, a 0% origination fee, deferring interest and principal for 51 months, and maintaining a constant interest rate on a variable rate loan of 4.99% during the 51-month in-school and separation period and the 180-month principal and interest repayment period. APR examples are based on quarterly interest rates for July 1–Sept. 30, 2017.
